Place Value Mats

16 Mats Included

Thank you so much for choosing these place value mats. I hope they make your math lessons fun! ☺

For more teaching ideas visit:

www.fairypoppins.com

Instructions

- ♥ Print and laminate the designs you like
- ♥ For use with erasable markers or base ten blocks
- ♥ Tens and ones activity – children roll a dice and place popsicle sticks in the ones column. When they have ten popsicle sticks they bundle them into a group of ten with a pipe cleaner and place it in the tens column.
- ♥ I prefer to start with popsicle stick bundling before moving onto base ten blocks. The tens can be a bit confusing to start off with because of the ten cubes being stuck together and sometimes being mistaken as a one.

Terms of Use

You are permitted to use these resources for your own classroom use. Please direct anyone to my store or website if they wish to have their own copies of these resources. You can show sample pictures of my resources on your classroom website or blog if you provide a link to my TPT store or website www.fairypoppins.com. Thanks.
