

Build a Number Fence Mats

These cute build a fence farm mats are a fun way for kids to practise ordering numbers up to 20. Children can identify and order numbers. They can also practise counting popsicle sticks using 1:1 correspondence.

For more teaching resources visit my TPT store [here](#).

Instructions

- ♥ Print on cardstock or laminate for durability.
- ♥ Use a fine tip marker to write the numbers 1 to 20 on a variety of popsicle sticks.
- ♥ For beginners, use the mats with the numbers already written on the fence.
- ♥ If you need to assess how a child is ordering numbers, use the mats with the blank fence. I usually take a photo of the mat once a child has ordered the popsicle sticks as evidence of their progress.
- ♥ See each mat for more instructions.
