### Instructions

- Print and laminate the resources for added durability
- **Activity 1** - Match the puzzle piece by counting the number of dots on the shark's teeth and matching it to the piece with the correct number.
- **Activity 2** – Place a number card on the mat. Draw that amount of dots on the shark's teeth with an erasable marker. Then write the number on the lines.

### Terms of Use

You are permitted to use this copyrighted resource for your own classroom use. This means you are entitled to one non-transferable single user license. So if a friend or colleague requests to use this resource, please direct them to my website to download this resource. You may not resell / redistribute / recreate / use or share the graphics or this resource in whole or in part for any reasons.

Please do not share this resource on any shared drive or online platform accessible to people other than yourself (e.g. School shared drive, Facebook groups, Reddit, Wiki site, virtual hangouts for teachers to name a few). You may share it with the students in your class for the purpose of digital learning. This resource is copyright protected under the Digital Millennium Act.

You can share photos of my resources in action on Instagram by tagging me @fairypoppinsdotcom.

### Credits

A big thank you to these talented artists for the use of their graphics.
